G. Information

Laboratory can assess only products belonging to the scope of ČSN EN 442-1: 2015 that may be tested in accordance with corresponding EN ČSN EN 442-2, i.e. not independent heating appliances, fan-assisted convectors, trench convectors etc.

Filing of this application is pre-contractual act as defined in law No. 89/2012 Sb. Civil code.

Laboratory proceeds impartially, independently, non-discriminatively while reserves the right not to make any binding offer (contract proposal). While treating this application, the laboratory respects fully the secrecy, intellectual property rights and protects personal data.

Laboratory processes personal data from this application with the purposes of the (i) contract closing, and (ii) legal protection.
